

# Fact Sheet: TrueProject 2025 – Q1 LIMITED TIME PROMOTION OFFER

Unlock Predictive-AI Project Insights, Big Savings, and Guaranteed Results

## Start Smart. Scale Fast. Save Big.

Organizations that place a TrueProject promotion order by March 31st will unlock special subscription discounts and premium consulting benefits, making this an unmissable opportunity to elevate project performance with AI-driven intelligence. All backed by the TrueProject Insight Guarantee.\*

## What is TrueProject and Why Do You Need It?

**TrueProject 2025** is a KPI-driven, predictive project management SaaS solution designed to enhance project health and performance. It provides automated oversight and governance, leveraging advanced warning systems, predictive intelligence, and AI to detect potential issues early—helping projects stay on track and within budget.

## TrueProject Q1 Promotion - Your Fast Track to Success

### Step 1: Start with a TrueProject QuickStart for Just \$10K

TrueProject QuickStart is a rapid deployment experience of TrueProject that allows organizations to quickly implement and experience AI-powered project intelligence. It is designed to demonstrate the immediate impact of AI-driven predictive project oversight, the ability to take immediate actions (before issues occur), while dramatically minimizing risk for organizations.

#### The TrueProject Promotion Includes:

- Comprehensive project oversight and governance for three (3) projects
- Two (2) months of TrueProject usage with unlimited users
- Guaranteed business value in just 10 days\*
- Predictive insights, risk analysis and actionable recommendations
- AI-Driven Risk Identification – Pinpoint risks before they escalate
- \$100K in Consulting Value Included – Access to project oversight expertise for governance optimization

### Step 2: Unlock Exclusive Subscription Savings

Organizations that subscribe to TrueProject within 30 days of completing the TrueProject QuickStart qualify for exclusive first-year discounts and additional consulting benefits:

- **30% Off Your First-Year Subscription (plans with 20+ active projects)**
- **FREE Two-Month Virtual Project Office (VPO) Consulting**
- **\$10K credit applied toward your first-year subscription**

By transitioning from a TrueProject QuickStart to a full subscription, organizations immediately gain long-term project governance capabilities, ensuring sustained efficiency, cost savings, and risk mitigation.

### Step 3: Maximize ROI with Multi-Year Savings

Organizations ready to scale and commit to TrueProject long-term can lock in additional savings with multi-year subscription discounts:

- **2-Year Subscription → 10% Off the 2nd year**
- **3-Year Subscription → 15% Off the 2nd and 3rd year**

## Why This Offer is a Game-Changer

Organizations leveraging TrueProject experience:

273% Average ROI from optimized project oversight

16% Productivity Improvement and Up to 30% Cost Reduction

AI-Driven Risk Alerts that prevent project failures before they happen

This Q1 Limited Offer enables organizations to test-drive TrueProject risk-free\*, experience immediate benefits, and secure substantial long-term savings.

## Important Deadlines

TrueProject promotion orders must be placed by March 31, 2025, to qualify.

TrueProject QuickStart must be completed by June 30, 2025, to maintain eligibility for subscription discounts.

Subscription orders must be placed within 30 days of trial completion to secure annual savings.

## Risk-Free Guarantee:

\*If TrueProject **doesn't uncover hidden project issues** or **validate known risks with data-supported insights**, **YOU PAY NOTHING!**
